COURT ACTION MAY TERMINATE ENDURANCE FLIGHT

OUTLAWS, ALSO LAW, HUNT ZUTA FREED GANGSTER

If Law Finds Him He'll Be Questioned: If Outlaws Win ---?

BULLETIN
Springfield, Ill., July 3—(AP)—A requisition for the return of Frank Foster, alias Frank Foreman, gangster, from Los Angeles, California to face an indictment of murdering Albert Lingle, Chicago reporter, was signed by Lieutenant Governor Sterling this morning.

Chicago, July 3—(AP)—The law and the outlaw hunted Jack Zuta, the gangster, today.
If the law found him first, it meant to put some pointed questions to him concerning Jake Lingle's murder. If the outlaws found him first—then it was unlikely that Zuta ever would be able to answer questions for anybody.
The law had Zuta—resort keeper and Moran-Alejo, gang ally—as late Tuesday night, but let him go. Since then, however, a brazen attempt has been made upon his life by gangsters who bared to attack him with guns in the heart of the brightly-lighted loop despite the fact that he was given "safe escort" through the heart of the city of a Police Lieutenant.

Now Law Wants Him
That attack has aroused a renewed desire on the part of authorities to talk some more with Zuta. They believe he must have very important information concerning the slaying of Lingle, Tribune reporter, to inspire gangsters to such a bold and hazardous attack.

If the gangsters wanted Zuta to die Tuesday night, they want him to die today, officers reason. That is why they believe their search for him is a race with the gang gunners who, if they find him first, will kill him.
With Frank Foster, original owner of the Lingle death gun, under indictment for the murder and under arrest in Los Angeles, a new name of Ted Newberry, gangster chief and man of strange gang alliances. The Lingle murder investigators have learned that Newberry was present in the Illinois Central subway at Randolph street and Michigan avenue at the time an assassin put a pistol against Lingle's head and fired.

New Name Enters
The gun used to kill Lingle was one of six sold by Peter Von Frantz, sporting goods dealer, to Foster and Newberry, new evidence now indicates. Later Newberry returned with one of the guns—the one with which Lingle was shot—and asked Von Frantz to file away the serial number, which Von Frantz did.
The statement Foster is reported to have made in Los Angeles yesterday that the gun had been taken from him by a Chicago police officer, Daniel Healy, was denied by Healy today.

"I arrested Foster several times," Healy said, "but I never found a gun on him. He's probably trying to throw it on me because he remembers it was I who killed his former pal, 'Schemer' Drucelli."

Gunman Gets Year
Jack McGurn, dapper hoodlum and reputed Capone gunman, was sentenced to county jail for one year and fined \$300 for carrying concealed weapons by Judge E. I. Frank-houser today in Criminal court. This is the maximum sentence on the charge.

McGurn was convicted by a jury June 25, nicknamed "Machine Gun Jack" because of his reputed ability with fire-arms, he is one of the most widely known gangsters in Chicago and was once arrested as a suspect in the Valentine's Day massacre in which seven men were killed. Charges in this case were dropped as several other instances.

The verdict on the gun-toting charge was the first conviction obtained against McGurn, although his name has been mentioned in connection with most of the big gang slayings of the past two years.
The day before McGurn was convicted another gunman, Anthony (Red) Kisanne, was given the maximum penalty on the same charge—a year in jail and a \$300 fine. At the time of his arrest Kisanne was quoted as telling officers that he "worked" for "Jake" Lingle, Tribune reporter, shot down June 9 by gangsters.

Effort To Find Model Of Statue Of Liberty Fails

By RALPH HEINZEN
(United Press Staff Correspondent)
Paris, July 3—(UP)—The classical French model who stood, right arm upraised and clad in yards of flowing cheesecloth, to pose for sculptor Frederic Auguste Bartholdi while he chiseled out his Statue of Liberty, must pass into history, unsung and unrecognized, for no one remembers who she was.

Enthused with the spirit of the Fourth of July some American patriots in Paris set out to find the old model. As the statue was sculptured about 1882, in time to be shown in the salon that year, the model if still alive must be at least 70 years old.

The patriots figured that perhaps they would find a starving old woman, living in a Paris garret, and turn on her the spot light she deserves. They have visited many garrets interviewing the old models, without result.
The family of Bartholdi knows nothing of the model. The master had so many models the family never could keep track of them. The Statue of Liberty, which now stands on its base in New York Harbor, was his most imposing sculptural accomplishment, but his work numbered several hundred and he used nearly as many models.

GEORGE WASHINGTON'S ENORMOUS STONE FACE, CARVED IN BLACK HILLS GRANITE, TO BE UNVEILED

Rapid City, S. D., July 3—(AP)—George Washington's great stone face, carved in Black Hills granite, will be unveiled Fourth of July.
Drilled on Mount Rushmore by Gutzon Borglum, the sculptor, the head is three score feet from wig to chin, scaled to the size of a man 420 feet tall—equivalent to a 42-story skyscraper.
Borglum compared the unveiling to the completion of the sphinx by the Egyptian Pharaohs. However, the Sphinx could perch on the shoulder

OVER THOUSAND GALLONS "ALKY" IN COUNTY JAIL

The Liquor Seized By Lee Co. Sheriff Worth About \$15,000

More than a thousand gallons of alcohol stored in cells in the women's ward of the Lee county jail, today was estimated to represent a valuation of about \$15,000, according to prices said to have been quoted to prospective customers in Dixon by a bootlegger during the past few days. For several months the supply of alcohol seized by Sheriff Ward Miller and his deputies has hovered near the 1,000 gallon mark and Monday morning, the seizure of 298 gallons of high proofed alcohol, said to have been enroute from stills in La-Salle county to Clinton, Iowa, increased the figure to a new record in Lee county. Never in the history of the federal prohibition act has the amount of liquor stored in the county jail reached such a figure.

298 Gallon Seizure.
The load of Fourth of July cheer seized Monday morning after the driver of a new sedan had skidded on the wet paving and crashed into the supporting pillar of the Amboy memorial arch, totaled 298 gallons in one-gallon tins, when involved at the county jail. During the past few days an alleged bootlegger is said to have quoted prices of from \$12 to 18 per gallon in soliciting orders from prospective purchasers. Scotch whiskey was said to have been quoted at a bargain figure of eight dollars per quart.

Corn Sugar Product.
Two of the large cells in the female ward at the county jail are now packed ceiling-high with alcohol in tin cans. Danger of hi-jacking is not feared, the liquor being securely locked behind three doors. Never in the history of the prohibition act has the quantity of alcohol or other liquor stored at the county jail exceeded 500 gallons and this figure is now more than doubled having reached a total of 1,298 gallons.
Practically every gallon of the alcohol is said to be the product of corn sugar. Some has passed through the stills but once and is of an inferior grade. Other liquor after being tested has been found to have been double distilled and tests out 188 proof, the required standard for high-grade grain alcohol. It is estimated that the value of the one and five gallon tins in which the alcohol is transported, that the entire cache represents approximately \$15,000.

Fifty Boats In Big Races Here Friday

Commodore A. E. MacGavin of the Illinois-Indiana Outboard association will be the referee and starter. Commodore William Rogers of the Dixon-Sterling club anticipates a large gathering at the park when the boats are called to the line for the first race at 1 o'clock tomorrow afternoon. Owners of the racing craft will tune-up their motors during the forenoon. Secretary Edward Graybill this morning announced the meaning of the colored flags which will be used at the judges stand as follows:
Yellow flag—come to standing stop; white flag—fair start; red and white flags—come up to starting line ready for the start; green flag—starting of last lap; checkered flag—good news, over the line, finished; checkered flag and gun-winner of race.

Chadwick Elevator Bombed Last Night

Mt. Carroll, Ill., July 3—(AP)—An attempt to blow up the grain elevator of Henry Weber at Chadwick, Ill., was made last night, the explosion of a large dynamite bomb rocking the village.
The blast tore several doors from their hinges at the elevator, shattering every window.
Investigators were unable to find any clues, but stated they believed the blast was as sequel to the seizure of 4,000 gallons of alcohol near Clinton, Ia. recently, it being claimed that Weber was suspected of giving the information which led to the seizure.

ROCHELLE MAN PROBABLY FATALY HURT IN CRASH WITH HEAVY TRUCK TODAY

Ford Coupe Thrown Into Ditch: F. Scamp Is Mortally Hurt

(Telegraph Special Service)
Rochelle, July 3—Francis Scamp 55, who resides with his aunt, Mrs. P. H. Scamp, 926 Seventh St., Rochelle, was probably fatally injured in an automobile-truck collision near the Kite Creek bridge, east of this city, at about 5:15 o'clock this morning when a huge livestock truck, "Spirit of Sterling," owned by Harley Babel of that city and driven by Russell Bailey, also of Sterling, is said to have side-swiped Scamp's Ford coupe in attempting to pass it, throwing both the big truck and the Ford into the ditch.
Reports to the Rochelle police, who are investigating the accident, are to the effect that the bumpers on the truck caught those on the Ford, in which Scamp was enroute to the farm of Robert Rowe, eight miles northeast of Rochelle, to work. The Ford was thrown violently into the ditch and Scamp was thrown over a fence into a field.
He was taken to the Glidden hospital in an ambulance where a thorough examination disclosed that he had suffered a fracture of the skull, a broken leg and several broken ribs. At noon he was still unconscious and the attending physician held out no hope for his recovery. He is a single man.

The driver of the truck was not injured, the police report.

HOUSE SUSTAINS HOOVER IN FIGHT ON PENSION RATES

Senate Conferees Also Withdraw Stand For Higher Pensions

BULLETIN
Washington, July 3—(AP)—The House today adopted the conference report on the veterans' pensions bill and only Senate approval is needed for final congressional action.
By 342 to 3, the House accepted the conference report on a standing vote counted by Speaker Longworth. This cleared the way for Senate consideration, with some uncertainty prevalent as to how that branch would take the alterations of its measure by the conferees.

BULLETIN
Washington, July 3—(UP)—The Senate yielded today and agreed to a House amendment to the second deficiency appropriation bill providing \$250,000 for President Hoover's Law Enforcement Commission without restrictions.
Only a few days ago the Senate voted 35-30 to cut the appropriation to \$50,000 and to restrict the Commission's work to investigation of prohibition enforcement.

The vote was 37 to 22. Five Democrats joined with 31 Republicans and Shipstead Minn., Farmer-Labor member, to reverse the previous action of the Senate.
Washington, July 3—(AP)—Responding to a written plea from President Hoover, Senate and House conferees on World War veterans measure today reached an agreement on the lower pension rates provided by the House bill.
The House bill provided maximum of \$40 for veterans with permanent disabilities as opposed to \$60 voted by the Senate.

The conference agreement retained the House language, which withheld disability pensions from those who are able to pay income taxes.
The Senate amendment allowing compensation to veterans who suffered disability from venereal disease contracted in service also was eliminated.
The agreement was reached just as the House was assembling for what leaders hoped would be the last day of the session and the conference report was hurried to that chamber for consideration.

In his letter to Senator Watson the Republican leader, President Hoover condemned the additions made to the veterans bill by the Senate. He said the Senate bill increased the cost of the House legislation by about 250 percent.
The quick conference agreement increased hope that Congress would be able to adjourn by nightfall. Speaker Longworth was ready to press House action and expressed hope that the legislative affairs could be wound up by 6 P. M.

SENATE'S SESSION BY Thomas L. Stokes

Washington, July 3—(UP)—The Senate began consideration of the House proposal to increase appropriations for President Hoover's Law Enforcement Commission from \$50,000 to \$250,000 today with a speech by Senator Norris, Repn., Neb., who declared the commission made "a great mistake" by investigating secretly.
Norris said, however, he would support the proposal for \$250,000 because he hoped "great good" would come from the investigation.
Conferees on the deficiency bill agreed on all items in that measure (Continued on page 2).

STRAIN TELLING?

Although the Hunter brothers have been in the air for more than three weeks, the first indication that the strain of their flight was beginning to have telling effects, became apparent this morning.
Irrked by newspaper stories that Kenneth was becoming tired and wanted to make a landing, John dropped a note threatening to bring the plane down if the reports were not corrected.
In the note he expressed disappointment (Continued on page 2).

Judge Sets Hearing For Tuesday: Boys Want To Stay Longer

Chicago, July 3—(UP)—The City of Chicago is setting records in number and ease of refueling contacts as well as in hours aloft, national aeronautical association records showed today.
A comparison of the Hunter brothers' achievements to date with those of the St. Louis Robin's crew, Dale Jackson and Forrest O'Brien, follows:

Flight Facts

Hours of flight	Robin	Chicago
Contracts	420	424
Earnings	77	203
Gasoline (gallons)	\$33,000	\$15,000
Oil (quarts)	3,500	7,510
Mileage	158	387
	25,200	40,000

Chicago, July 3—(AP)—The novel idea of holding court in a 21 passenger transport airplane high above Sky Harbor next Tuesday was suggested to Circuit Judge Michael Feinberg today by the enduring Hunter brothers as a means of taking testimony in a receivership suit filed against the boys.
The suggestion, coming from the endurance pilots in a note dropped to the field, was taken to mean the fliers intended staying in the air at least another week. At the time the note fluttered to earth, John and Kenneth Hunter had been in the air 524 hours.
The fliers said they would testify by two-way inter-communicating radio.

Hearing of the suit, filed before Judge Feinberg today, was continued until next Tuesday, but the fliers explained they would rather hold court in the air, for to appear in court next Tuesday would mean making a landing Monday so as to be able to shave, take a bath and rest. This, they said, would not coincide with their plans.
Want To Stay Longer
"We would like to stay up longer if the Judge permits," the note dropped by the fliers said. The note was given out by B. L. Majewski, Flight Secretary, following a conference with others interested in the flight.
The suit was filed by stockholders of the old "We Will" corporation which formerly owned the "City of Chicago."

Casey Jones, president of the Curtiss Wright Flying Service, immediately offered a large Condor plane for the court's use, if the request of the endurance fliers is granted.
At 12:30 o'clock the fliers dropped an urgent note requesting oil.
"No oil," said the note, "send up oil, might burn up."
The note was the second to be dropped within thirty or forty seconds. Albert Hunter, who picked up the first, did not stop to open it, but, with his brother, hoisted the refueling plane into the air with the leashed oil.

The contact was successfully completed in less than three minutes. Landing of the 20th hour meant for the Hunter brothers the breaking of the previous endurance record by 100 hours, set in St. Louis last year by the "St. Louis Robin" flown by Forest O'Brien and Dale Jackson.
The 20th contact with the endurance plane was made successfully this morning by Walter and Albert Hunter, brothers of the "City of Chicago" pilots. The refueling plane brought the endurance fliers more gasoline, oil, newspapers, mail and their breakfast, prepared from them by their sister, Irene, who, with her mother, came from Sparta, Ill., home of the Hunters, to give their assistance in the exploit.

Strain Telling?

Irrked by newspaper stories that Kenneth was becoming tired and wanted to make a landing, John dropped a note threatening to bring the plane down if the reports were not corrected.

A squad of junior baseball players, none exceeding 100 pounds in weight, went to Amboy this afternoon to meet the Leake-Powers Riverside team in the first of a series of games which will be played as the closing feature of the "Telegraph" baseball school.

Sheriff Ward Miller, instructor, selected the most promising players from the Dixon junior class to make the trip to Amboy for the opening game.

The junior classes in both Dixon and Amboy have shown a great deal of enthusiasm in the course of three lessons given and are anxious to test their ability in a contest. Instructor Miller will umpire the game at Amboy this afternoon.

Next week the older candidates will be given an opportunity to demonstrate their ability, a team of Dixon and Amboy players being selected to go to Webster's field north of Compton to meet the students from the east end of the county.

Income Mounting

Three things were agreed upon. First, that an income of around \$175 an hour is not to be sneezed at, even if the night air is a bit chilly. Second, that the "City of Chicago" simply must stay up until July 4, or until Sunday, when a landing can be made in a spectacular fashion before the largest possible crowd.

Third, that if the plane won't stay up that long, there should be at least 24 hours notice before it descends so things can be arranged as well as possible.

All this was transmitted to John and Kenneth in the endurance ship. It was the belief of field attaches that the will of brother John would prevail and that the ship, barring accident, would stay aloft until Sunday.

Judge Michael Penberg in Circuit Court today refused to interfere with the endurance flight for the time being, setting aside until Tuesday the injunction proceedings started yesterday by stockholders who claim to be original owners of the record-making ship. The suit called for a receivership and accounting of the "City of Chicago's" earnings.

Counsel for the Hunter brothers told Judge Penberg the fliers have a \$100,000 contract to appear with their plane in a motion picture immediately after the flight. He said their various contracts would be handicapped seriously if court action ties them up.

"OLD GLORY."

Do you ever have that feeling—Of a twitching round your heart?
When you see "Old Glory" passing—As the soldiers past you march?

Have you ever noticed tear drops—Come up against your will?
If you have, well just remember—We have all been through the mill.

It's no use to try to hide them—Just let them come—and feel—That they indicate your loyalty—For "Old Glory" true and real.

No matter where you see the flag—'Twill bring the same old pang,
And if a tear or two comes up—Remember there is none so grand.

Don't be afraid to shed a tear—When "Old Glory" passes by.
For better men than you and I
Have served her—and for her have died.

—Reynolds, Engles, Captain, U. S. Army, (In Oregon Veteran.)

Legion Auxiliary Meeting on Wednesday

A very pleasant affair was the meeting of the American Legion Auxiliary held Wednesday at the home of Mrs. George Schmucker, 1001 Geneva Ave. A delicious picnic dinner was served at noon, tables being arranged on the enclosed porch, as well as in the dining room. Bouquets of red, white and blue flowers decorated each table. Mrs. Anna Kratt and Mrs. Martha Fordyce assisted Mrs. Schmucker in serving the guests.

After the dinner was over the ladies inspected the flower gardens and lily pool. Both pink and white lilies in full bloom nearly fill the pond. In the rock garden are many specimens of wild flowers and small vines. Colorful flowers greeted you wherever one might look. At 2:30 a business meeting was called. Reports of sickness in several homes of members, and some visiting reports were given. A box of jelly to be sent to Oak Forest T. B. Sanatorium for the World War veterans, and cookies are to be sent later. The new Legionaire paper is out. This little paper has grown so that it comes out this month in magazine form.

Reports of the 13th District convention held Saturday at Rochelle were given. This was well attended, both by Legionaires and Auxiliary members. The Legion ladies held their business meeting in the Presbyterian church. Department officers present were: Mrs. Kellogg, president; Mrs. Middleton, vice president; Mrs. Bartling, second vice president; Mrs. Tibbals, rehabilitation chairman; and Miss Lenoire, membership chairman.

Those who gave the reports on the convention were: Mrs. Della Bott, Mrs. Lester Street, Mrs. Lottie Horton and Mrs. Dora Heft. One candidate was initiated. The meeting was then closed in regular order after which a social time and refreshments were enjoyed.

The Auxiliary is planning a card party to be held in the G. A. R. hall Tuesday, July 15, 1930, the proceeds of which will go to assist in the purchasing of a flag for the Spanish War Veterans who served in the 6th regiment of Illinois.

Beautiful Tribute Paid Mrs. Hitchcock

The Presbyterian Missionary Society met at the home of Mrs. C. F. Haynes, 421 E. Everett Street, Friday afternoon, June 27. There was a good attendance with several guests present. After the business meeting and program, the following beautiful tribute to one of the late members, Mrs. B. I. Hitchcock was read by Mrs. A. L. Barlow.

Since our last meeting our hearts have been inexpressibly saddened by the passing of one who has been with us, and endeared herself to us all—Mrs. Hitchcock.

She was a most efficient President of our society for many years, and did her utmost to further the work in every possible way. Tho for several months she has been prevented from taking her usual active part, she has never lost her interest, nor ceased her prayers for her beloved society.

A woman of high ideals and deep convictions—a keen intelligence, with a mind richly stored with worthwhile things, deeply interested in her friends and showing her interest with a kind and loving sympathy—the memories of our association with her are priceless. She has left with us a wonderful understanding of what such a beautiful, broad-minded, unselfish life can mean to a community. Our loss is keenly felt, but we feel that her influence will remain with us; and as John Lucky McCreary says:

"There is no death; the stars go down To rise upon some fairer shore,
And bright in heaven's jeweled crown They shine for evermore."

And ever with us, though unseen, The dear immortal spirits tread.
For all the boundless universe Is life—there are no dead."

Tilden Defeats His Old Rival, Borotra

Wimbledon, England, July 2—(AP)—Bill Tilden beat his old rival, Jean Borotra of France, in the semi-final round of the British tennis championship today in a thrilling five-set match.

Tilden won in dramatic fashion by scores of 6-6, 6-4, 4-6, 6-0, 7-5. Tilden staged a dramatic rally after trailing at 2-4 in the final set, scored one of the most sensational victories in the long rivalry between the Basque and the American and reached the final round of a tournament that he has not won in nine years.

Big Bill's victory marked the elimination of the last of the French contenders who have monopolized this championship for the last six years as Henri Cochet was eliminated on Monday by the young Texan Wilmer Allison.

WHISTLES IN THE NIGHT.

Mechanical experts of American railways convened in Atlantic City the other day and agreed that the steam locomotive is beginning to make a little better showing in comparison with the electric; and while the spread of electrification still goes on, there seems to be a germ of hope for such Americans as were brought up to look on the steam locomotive as one of the finest of all man-made machines.

It may be all very true that the electric locomotive is more efficient and less expensive to operate. Doubtless it does make for cleaner train rides, what with the elimination of smoke and soot. But we have a deep, perverse hope that the steam engine will continue to hold its own; a hope that these mechanical experts will find more and more reasons for delaying the shift from steam to electricity.

After all, efficiency isn't all there is to railroading. The man who holds huge blocks of railway stocks may feel that way, of course, but he is in a minority and doesn't count. Railroading is essentially a business of glamour and romance. It is a thing apart from ordinary pursuits, both for the worker, the customer and the mere spectator. And this is chiefly due to the steam locomotive.

Why do small town folk go down to railroad stations to see No. 6 pass through? To see who gets on and off? Well, partly, perhaps; but it is more probable that they go chiefly to get a look at the engine. The engine is more nearly alive than any other machine yet devised. It puffs and pants like any other living creature. When it labors up a long grade its labored breathing is the sort of noise that is made by a living organism. Its very whistle has a wild, eerie note that no other mechanical sound can ape.

Indeed, the mere spectator has a big stake in the railroad. The world, fortunately, is full of a number of thrills; but what thrill is greater than the thrill you get when you stand at a railway crossing and see a great express train thundering by, its cars gleaming with brass and bright paint, a long plume of smoke lying low over its wind-swept back, a grimaced engineer peering alertly from the window of the cab, its red lights blinking as it disappears in the distance?

What thrill equals the weird, heart-moving stab of a locomotive whistle, heard far off, late at night, in the silent country? What panorama is so stirring as the sight of one of those old-fashioned train sheds—now, alas, being replaced by more modern, less exciting stations—where trains stand in rows and dozens of engines send jets of white steam up to cavernous vacancy overhead?

The electric engine cuts a poor figure by comparison. It may have efficiency on its side. It may be the cleaner proposition, it may give more power and more speed; but it does not pant and puff, it does not emit trailers of white smoke, it has no authentic personality, it cannot whistle with a voice that challenges infinite space. Eventually, probably, it will drive the steam locomotive out of existence; but we are permitted to hope that the day is long way off.

CHERRY PIES AND DIPLOMACY.

The people in charge of Michigan's Cherry Festival, which is to be celebrated in the Grand Traverse Bay region in a week or so, seem to be people of considerable insight.

First of all, they selected a pretty girl to be queen of the festival. There's nothing unusual in that, to be sure; but they put her in an airplane and sent her about to make calls on such folk as President Hoover, Mayor Walker of New York and Rufus Dawes of Chicago, president of the World's Fair Association.

Now that, too, doesn't look particularly inspired—until you learn that she took with her a consignment of big, juicy cherry pies to present to these notables. Then its effectiveness becomes clear. A cherry pie, made from Michigan cherries just off the trees—diplomacy could think of no more persuasive argument.

A peanut vendor died in New Jersey the other day and left an estate of \$18,000 to two cops. Imagine the good fortune of the police force had he also gone in for pop corn, chewing gum and candy.

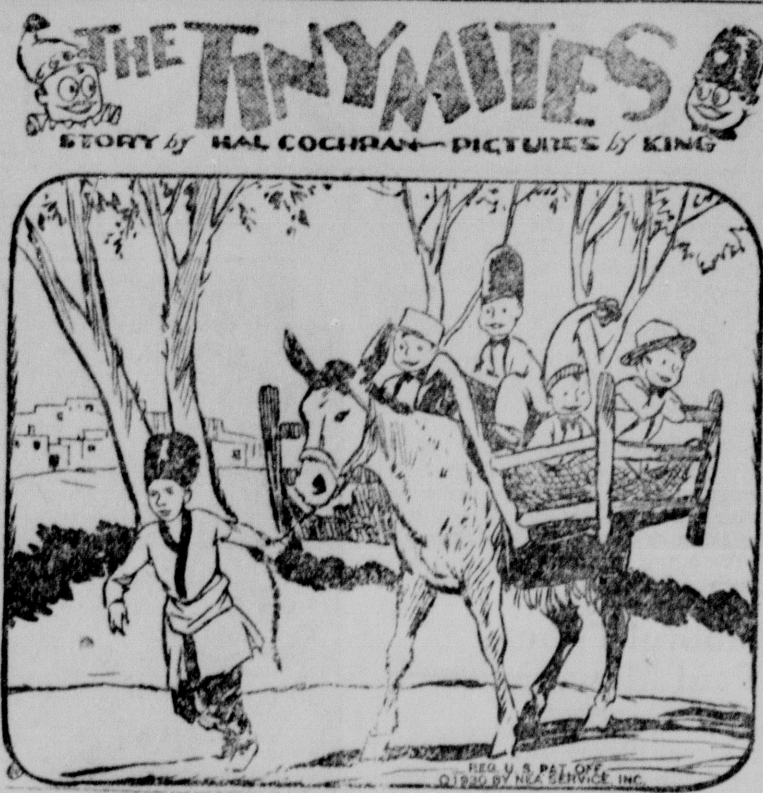

The Baltimore girl reporter recently engaged to marry John Nicholas Brown, millionaire, certainly can credit herself with the year's biggest scoop.

Mayor Walker might well have said as he pinned the New York City medal on Admiral Byrd for the third time: "We got you the first time."

There is talk of producing a play about Admiral Byrd. The story very likely will be built around old Aunt Arctic and a couple of Poles.

Florida is where most pineapples are grown. Chicago is where most are thrown.

If they do write a play about Admiral Byrd it ought to be easy to get the drift.

The Tinymites had seen a lot of queer Odessa. Soon they got quite anxious to be moving on. The Travel Man said, "Well, we'll get a good night's sleep tonight so you all will be feeling right. Tomorrow I will have another wondrous plan to tell."

"Oh, goody, goody," Clowdy cried. "Beneath the blankets we will hide and close our eyes real tight until another morning's here. Then we will eat to start the day and shortly we'll be on our way. I hope the plan you have in mind will fill us full of cheer."

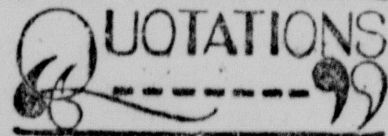

So, everyone turned into bed in a hotel. Each sleepy head was buried deep in slumberland in most no time at all. The Travel Man was first to rise. He shouted, "Open up your eyes. It's morning." And the Tinymites jumped, "cause they all heard him yell."

He then said, "We are Persia bound. My, what a place to look around. Across the Black Sea we will sail and then we'll take to land." They ate and then soon found a ship and shortly they were on their trip. "We're heading now for Persia," shouted Clowdy. "Geo, that's grand!"

For hours and hours and hours they sailed and then the shore was loudly hailed. The boat docked and they all ran off. "Now what?" weedy Carpy cried. The Travel Man said, "You'll see. And, how surprised you all will be. We take an auto. Then we change and ride a caravan."

The auto ride was very short, but really quite a lot of sport. They reached the Persian border. Then the real good fun began. The caravan was odd, indeed. "Oh, look," cried Scouty. "All we need to do is jump in baskets." So up to some mules they ran.

How I coaxed him to eat!

"ONCE I was worried. Meal-time was getting on my nerves. I prepared many appetizing dishes, but John simply would not eat—just 'minced' at his food. Perhaps sometimes a little grouchy. I began to fear he was 'slipping.' What was I to do? Love, home, happiness, business success—all depended upon an improvement in his condition. The blood-ionic idea suggested itself to me. My Druggist recommended S.S.S. He told me that S.S.S. was a great blood tonic; that it had been successful for over 100 years; that it was made from strictly fresh vegetable drugs and was beneficial to the most delicate system. Also that it would build up the blood and improve the processes by which the body is nourished. I brought home a large size bottle. John agreed to try it. Well, in just a few days I could see the difference. His improvement has been so rapid he is going to take several more bottles, and not only that, but he is now telling his friends to take S.S.S."

MAN IS THE MASTER
BY S. J. WATERWORTH, M. D.,
Clearfield, Pa.

(This series of articles is prepared under the direction of the Gorgas Memorial Institute, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. The headquarters of the Institute are at 1331 G Street, N. W., Washington, D. C.)

In this age of capitalism and industrialism it often seems that the things that loom largest are money and machines. They are so imposing and so constantly in our vision. Yet both are the result of man's activity. Our cities, the marts of money and trade, the skyscrapers, monuments, libraries are from the hands of men so are the leviathans of commerce and the mechanical birds. The marvel of electricity are the evidence of the intellectual and physical functioning of man. Without man—none of these. Man, therefore, is of more importance than the things seen as the result of his labor and should be considered before these.

Man and his physical and mental welfare should not only be the thought engaging the minds of those in the medical profession, but should be the first concern of the nation, the state and the city. This has

been of recent years increasingly emphasized by certain groups. We have a beginning in the public health service, state health departments and local boards of health. But these are not enough. Prevention of disease, conservation of the unit of humanity and his physical rehabilitation will have to become a part of the consciousness of every individual. Personal health must be our watchword.

Moses was successful in breeding into the Hebrew people a consciousness of some of the laws of sanitation through a religious precept. It then became to them a matter of conscience. Today, no matter what creed is professed, all men except savages, cynical atheists, or the man-killing thugs, believe or have as an ideal the brotherhood of man. As an expression of that belief they protect others as you would have them do unto you." But profession without practice is worthless hypocrisy, and in health matters there is no excuse for being a slacker. Therefore, do not cough in your neighbor's face, nor spit on your neighbor's or anyone's floor nor seek to hide cases of communicable disease from the legally constituted health authorities. You cannot do this and be of good conscience. Do not neglect to vote for the maintenance of institutions for contagious diseases, for the feeble-minded and insane. See that your county home for the indigent is not a dirty, vermin infested jail-like place. As to jails and prisons,

why should we allow them to become the breeding place of tuberculosis and by lack of proper food and sanitation cause in the minds of criminals the resentment that has resulted in the horrible mutilations which have recently appalled the nation? Get acquainted with your hospitals and give them your support. Get acquainted with your doctor and dentist and tell them you want prevention rather than curative care. Consult with your children's school teachers about what is being done for the pupils' health.

In other words, be alertly health-minded and help keep yourself, your children, your community as we want the tools we use to be.

THAT the greatest force for the good of the public is the newspapers.

They are the leaders in making better business for the home city. If some merchants would take the trouble to find out the amount of money sent to mail-order houses from the home city it would give them an awful jolt.

It would wake them up to the fact that in order to compete with the mail-order houses they should use the same methods as used by the mail-order houses—ADVERTISING.

Mail-order houses appreciate the importance of advertising. That is why they get so much business.

Heavy appropriations for advertising are necessary in their business. They make these appropriations and that is why they get rich at the expense of the local merchants.

IF LOCAL MERCHANTS PAID AS MUCH ATTENTION TO LOCAL ADVERTISING AS THEY SHOULD THE MAIL-ORDER HOUSES WOULDN'T DO MUCH BUSINESS.

SPORTS OF ALL SORTS RETURN BATTLE PROSPECTS ARE GROWING DIMMER

Schmeling's Managers are Involved In Financial Argument

New York, July 3.—(AP)—A complicated financial argument in which Joe Jacobs and Arthur Buelow appear to be endeavoring to outwit each other, has suddenly terminated the plans for a return bout between Max Schmeling and Jack Sharkey at the Yankee Stadium in September.

Yesterday Madison Square Garden had Sharkey's name on a contract and had hopes of getting Schmeling's signature through Jacobs, when Buelow, the German's deposed manager, bobbed up with an eight page document that was entirely unsatisfactory to Jacobs, who now is in charge of Maxie's interests.

When Schmeling first offered to give the Boston savior a return bout he did so with the proviso that he be given an out and out release from Buelow, to whom he is under contract until Oct. 13 of this year.

Sharkey agreed to see that Buelow got his twenty-six per cent of the net gate receipts, but in his lengthy document, Buelow retained the right to sue Schmeling for any other remuneration he thought might be coming.

And upon that clause hangs the failure of the match to go through as Jacobs said nothing doing, Schmeling must have a positive release.

Check Is Waiting
In the office at the Garden awaiting delivery is a check for \$33,153 per cent, the managerial cut, of the June fight between Sharkey and Schmeling. Seven and one-third per cent of this amount is due Jacobs under an old agreement while the remainder goes to Buelow.

Buelow already has taken legal steps to recover from Schmeling his share of the German's earnings since his fight with Paulino Uzcudun last July. Since that time Maxie has appeared in a moving picture and made an exhibition tour of the United States and Germany.

It seems that Buelow is willing to waive his right to his cut in all of Schmeling's ventures except in his June fight with Sharkey. Jacobs is willing that Buelow get his 26 per cent cut of the September fight, if there is one, and which Sharkey will pay, but he wants Buelow to forget about the check being held in trust by the Garden.

Tells of Health Benefited in
Every Way By New Sensational Medicine.

MRS. STELLA ESSELTINE.

"Kidney and bladder trouble had caused me much pain and suffering during the past few years," said Mrs. Stella Esseltine of 206 South Arbor Street, Bay City, Michigan, in speaking to the Kavatore man. "I would be disturbed from my sleep, because of the terrible pains in my back due to kidney trouble. I also suffered from stomach trouble and could never eat a meal without being bothered with gas and bloating pains."

"I tried all kinds of medicines and treatments, but never could find a thing to help me. When so many people were praising Kavatore I decided to give this medicine a trial. It was certainly amazing the way this medicine helped me. Why I had hardly taken half a bottle when my stomach trouble was relieved, and I found that I could eat anything I wished without any bad after effects. Then the kidney and bladder trouble, that had given me so much pain and suffering for years, was gradually disappearing. It was wonderful the way this medicine helped me and I cannot find words enough to praise it."

Stories as remarkable are being told to the Kavatore man by people who suffered from rheumatism, neuritis, kidney, liver trouble and such like ills and ailments.

Kavatore is sold by all the best druggists in Dixon and in all towns throughout this entire section.—Adv.

Schnuckel, W. Brooklyn Pitcher, Held Tigers In Hand

(Telegraph Special Service)
West Brooklyn, July 3.—The West Brooklyn Yankees defeated the Clarion Tigers recently by a score of 11 to 1. Harold Schnuckel pitched great baseball for the Yankees all day, but nine hits. Krahenbuhl occupied the backstop position for the winners while the Tigers battery consisted of Biers and Paddy.

The Yankees have scored another victory over the Steward team by a score of 14 to 10. Harold Schnuckel pitched for the Yankees, allowed eight hits, secured two hits and brought in one run. Wilbur Bauer, manager of the Yankees hit a line drive over the head of center fielder Stewart which would have been a home run, but the runner broke one of his spikes when rounding second base and was tagged out at the plate. Bauer led his team in hitting securing five hits in six trips to the plate. The box score of the games was as follows:

GRIFITH WINS FROM RISKIO IN SLUGGING BOUT

Sioux City Boy Once More Fought As "Tuffy" Should

Chicago, July 3.—(AP)—Gerald Ambrose Griffith, the aspiring heavyweight hope from Sioux City, Ia., has changed his ring moniker from "Fluffy" to "Tuffy."

Fighting for the position he once held as a heavyweight of championship caliber, Griffith silenced his chiding critics at the Chicago Stadium last night by giving rubbery Johnny Riskio, the big cake baker from Cleveland, a sound thrashing in 10 rounds. It was his third victory over the notorious despoiler of championship hopes and by far his most impressive.

Casting aside his usual care, Griffith carried the fight to Riskio from the start to finish, winning nine rounds decisively. He outslugged and outboxed his rugged rival and cracked him almost at will with his shower of lefts, rights and hooks. Riskio, veteran of many a tough battle against even tougher fighters than "Tuffy," stood upright through it all, however, and never was in distress. Riskio's best round was the second when he landed Griffith back pedal with looping hooks to the head and body. Griffith had some trouble evading his rush but came back in the next round and stayed in front.

From a financial standpoint, the match was far from a success. Less than 10,000 watched it and the receipts only totaled approximately \$30,000.

In the preliminaries, Paul Swiderski, the Syracuse, N. Y., heavyweight, defeated Frankie Simms of Cleveland in 10 rounds and Tait Littman, Milwaukee lightweight, protegee of Ritchie Mitchell, won the decision in eight rounds over Ted Ross, Chicago slugger.

These widows of the War of 1812 still live

With a friend, Mrs. Williams now lives in a little apartment in Philadelphia. She does her own ironing and cooking, but spends much of her time before her window, watching the children laugh and play on the sidewalk. . . . Do you wonder what her thoughts are?

All told, only nine of these widows of the War of 1812 still survive, each of whom receives a government pension of \$50 a month.

The others are: Mrs. Emma Arnout, Ashville, N. Y., widow of Private Samuel Arnout, Parker's Company, New York Militia; Mrs. Marion A. Clark, Iowa City, Iowa, widow of Private John R. JONES CONFESSES LUCK WAS ON JOB IN BRITISH MATCH

Golf Champion Off For National Open After Great Reception

New York, July 3.—(AP)—Flushed with a stirring welcome celebrating his dual victory aboard, Bobby Jones today turned his face westward seeking new golf worlds to conquer.

The modest lawyer and bank director of Atlanta, Georgia, stepped off the liner Europa yesterday to be accorded a reception befitting the American to win both the British amateur and open championships. Above the din of shrieking sirens, popping firecrackers and the cheers of thousands, Bobby managed to say that he had no plans for retirement from competitive golf; that he had given no thought to winning all four major championships this year, which include the American open and amateur yet to be played; that he did not leave his bag of famous clubs behind in England; and that luck played a large part in his triumphs at St. Andrews and Hoylake.

500 Townsmen.
In the vanguard of welcome who met the liner down the bay were about 500 fellow townsmen who journeyed from Atlanta to greet their favorite son and escort him proudly up Broadway to receive New York's official welcome from Mayor Walker.

The celebration ended with a dinner at the Vanderbilt after which Bobby prepared to go to Minneapolis today to play in the National Open tournament which begins next Thursday.

Carrying a motion picture camera, Jones debarked from the Europa and said he "never felt better."

He corroborated the statement of his close friend, O. B. Keeler, who said that he did not play up to his usual form in the competition abroad.

"That's right," Jones agreed, "but I was lucky and after all that's more important sometimes than playing well."

HENDRY MAKES 71
Minneapolis, Minn., July 3.—(AP)—A start for 71, one under par made by Gene Hendry, professional at Toney's Country Club, St. Paul, gave early arrivals for the National Open tournament, something to shoot at at the Interlachen Country Club course here today.

Hendry went around in that figure yesterday going out in 35, one under par, and returning in 36. Hendry is the Minnesota open titleholder.

Gene Sarazen, Flushing, N. Y., played two rounds, shooting a pair of 76's, and thought that Interlachen was "the toughest test since Oakmont."

"And you will recall," added Gene, "that Oakmont is one course Bobby Jones never has been able to conquer."

Al Espinosa of Chicago, who lost the open championship to Jones last year in a 36 hole playoff, found Interlachen quite to his liking and hung up a 74 on his first trip.

Jack Burke, professional, Houston, Texas, had a 77 and Willie Kidd, Interlachen pro, shot 80.

Jones is due in Minneapolis Saturday and is expected to get in three or four days of practice before the three-day open event begins on July 10.

SERGEANT BAKER SERIOUSLY HURT IN GANS BATTLE

Taken To Hospital After Taking Terrific Beating

Cleveland, July 3.—(AP)—Sergeant Sammy Baker, the veteran New York welterweight campaigner, was in a serious condition today from head injuries suffered in a lacing at the hands of Baby Joe Gans of California in their 12 round fight at Taylor Bowl last night.

Baker collapsed in the last round and was taken to St. Alexis hospital, where an X-ray was ordered today to learn whether he was suffering from a hemorrhage of the brain or a fractured skull.

Baker, reeling from Gans' onslaught and at the limit of endurance from eight knockdowns, staggered backward and sank to the canvas after a minute and 35 seconds of the final round. As Referee Matt Brock tolled nine, the New Yorker gamely pulled himself to his feet to face another two-fisted flailing from his Negro rival. He sank to the canvas once more and this time Referee Brock ruled it a technical knockout.

The stricken fighter was carried from the ring, moaning in delirium and half unconscious and was taken to the hospital in an ambulance after first refusing to leave his dressing room.

Baker won only three rounds, the third, fourth and eighth, although he twice felled Gans. Nearly 4000 spectators alternately cheered and booed the pair, who some time ago fought a vicious 10-round draw at Madison Square Garden.

FULL PROGRAM OF CHAUTAUQUA IS COMPLETED

Five Days Of Fine Entertainment To Begin
Tues., July 15

Plans are progressing for a week of enjoyment and entertainment at the Community Chautauqua. A varied and modern program is to be presented. The opening evening, July 15th, a delightful comedy, "Tea for Three," will be given. This play had a long and successful run at the Maxine Elliot Theater in New York, followed by a successful season in Chicago. The second day is a treat for music lovers. The International Opera and Concert Company, directed by the famous Alexis Bas, gives us a wealth of music. They present concerts of old masters, and of the modern American composers, ending with a presentation of the ever fascinating opera, "Faust." The third day, music in a lighter and more popular vein is furnished by the "Dixie Merry-makers." In the evening one of our most gifted lecturers, Hal P. Denton takes us behind the scenes in Washington. Mr. Denton was a journalist in the confidence of Roosevelt, back in the days when he was head of the Police Department in New York City, as well as when he was president. The fourth day there are to be two plays, "Back Home and How," a comedy full of fun and thrills, by Fred Ballard, is to be given in the afternoon. In the evening comes perhaps the greatest event of the week—Channing Pollock's famous and startling drama, "The Enemy." This play has attracted probably more attention than any other of recent years. It played on Broadway for over a year to packed houses. The fifth and last day there is more music of a still different nature, and then the final lecture. This last event is an opportunity for Dixon bird lovers. M. R. S. Wallace, until recently an ornithologist, in the employ of the Federal Government, is to give his lecture on "Birds." He is one of our best authorities on this subject, and it is not often that such a man is available for lectures in a city the size of Dixon.

Last, but by no means least, are the eight days of entertainment for the children, July 12th to 19th. All who have not had their fourteenth birthday may attend the first three days free as guests of the chautauqua. There will be a week brim full of good times for the little folks. All of this is made possible by a few big visioned and altruistic citizens of Dixon who deserve our co-operation and our gratitude.

KONJOLA ENDED TWELVE YEARS OF SUFFERING

Stomach Trouble Readily
Yields to New Medicine

MRS. DAVID JOHNSTON.

"For twelve years I suffered from stomach trouble and constipation," said Mrs. David Johnston, Marblehead, Ill., near Quincy. "Gas formed after meals and nearly every night for twelve years I was forced to take medicine for my bowels. My nerves became badly shattered and sleep was often out of the question. Weak kidneys caused frequent night risings and often brought on frightful dizzy spells during the day."

"I decided to try Konjola and before I had finished the second bottle I could see a decided change for the better in my condition. I have taken eight bottles of Konjola to date and I can eat anything I wish without discomfort or suffering of any kind. My nerves are strong, I sleep well and my kidneys are normal again. My husband is now taking Konjola with the same good results. I never hesitate to recommend this great medicine."

Although Konjola works quickly it is considered best to take from six to eight bottles for a thorough treatment. Konjola deserves its name as the medicine with more than a million friends.

"Konjola is sold and recommended by all the better drug stores in Dixon, Ill., and throughout this section."—Adv.

It's True —

GASOLENE can GUM-UP YOUR VALVES

"What's the matter?" asked the motorist.
"Sticky valves," answered the repair man. "What's the reason?" was the next question.

We'll tell you—*gum* in gasoline!

Cities Service experts were among the first to discover the harmful effects of excessive gum in gasoline—and to provide a remedy.

The remedy is Koolmotor Gasolene—a gas that is free from harmful gum. Extra care and extra refining—known as the Cities Service *mini-gum process*—have reduced the gum content in Koolmotor Gasolene to a harmless minimum.

This superior motor fuel is powerful and clean burning. It is eager to go—full of speed—provides mile after mile of smooth, knock-free performance. It keeps your valves clean, free moving—it guards against loss of compression and power.

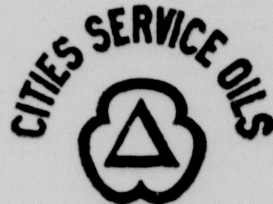

Don't burden your motor with sticky, gummy, clogging gasolenes. Insist on Koolmotor Gasolene, the *original* high test, anti-knock green gas. Then your motor will be free to do its best.

PROCEEDINGS OF
LEE CO. BOARD
OF SUPERVISORS

(Continued From Page 7.)

In the forenoon, the Board of Supervisors met at the Court House in Dixon pursuant to adjournment. Present same as on yesterday.

The minutes of yesterday's proceedings were read to the Board by the Clerk, and there being no objections offered, the said minutes stand as read.

The Soldiers and Sailors Committee present their report recommending the allowance of the following claims, on motion of Supervisor Knetsch, seconded by Supervisor Wolf, the said report is approved by the Board, and the Clerk is directed to issue an order as follows:

State of Illinois, Lee County ss. To the Honorable Board of Supervisors of Lee County:

We, the undersigned members of the Purchasing Committee do recommend the purchase of a light weight car for use in the Sheriff's office.

We have investigated this and find that the Sheriff's Office needs two cars, and will save a new big car as the car now has 50,000 miles on it, also by using a new light weight car will be quite a saving of gasoline.

After careful consideration would respectfully recommend the purchase of a Standard Four door sedan, fully equipped, committee in power to receive bids.

We would further recommend that when the car is delivered and accepted that the County Clerk be authorized to issue an order for the payment of the same.

Respectfully submitted,
D. H. Spencer, Chairman

John P. Fitch, Secretary
G. P. Finch
John F. Burhenn
W. F. Burhenn

LEE CENTER NEWS

Lee Center—Eleanor Shaw visited in Champaign last Thursday and Mrs. Luis Obando and little daughter Mabel returned with her to spend the week end. Mrs. Obando was formerly Helen Dunton.

Lee County Farm Bureau defeated Stephenson county 20-2 at Freeport last Saturday. Mrs. George C. Taylor, Walter and Alice, George Ulrich, Estelle, Clayton and Ethel Snyder were among those who attended the game.

The Lee Center Wildcats clawed Harmon 14-5 last Sunday.

Mrs. Rena Brewer departed Saturday to make her future home in Chippewa Falls, Wis.

Charles Vernon, Beatrice Shaden-sack and an aunt of Peru were guests at the Eri Conibear home Sunday evening.

Ruth Slaymaker of Erie was entertained at the Roy Conibear home Sunday.

Attorney and Mrs. John Wood of Chicago, Mrs. Josephine Wood and Mrs. George Thier of West Brooklyn motored to Fairchild, Wis., and attended the funeral of Dr. D. C. Leavens, Monday. In the passing of Dr. Leavens, this community has lost a kind, skillful friend who was never too busy to lend a sympathetic ear to their ailments and prescribe judiciously for them.

Rena Halsey, Mr. and Mrs. Charles Halsey and another couple from Peoria are visiting at the Bud Halsey home in Blunt, S. D., having motored there a short time ago.

Faith Dishong and Mary Schnell gave interesting reports of their attendance of the Tower Hill Conference in Michigan, in church Sunday morning.

Mrs. Roy Ulrich, president of the Bradford Home Bureau entertained the members last Friday. Mrs. Syverud, county advisor, discussed wall coverings.

Messrs. and Mesdames Howard Miller and family, Harold Blester, George Meister and little son, Glenn Wagner of Franklin Grove and Harold Frost and family of Amboy enjoyed a picnic in Lowell Park Sunday.

Joyce Olmstead entertained the 4-H club at her home Wednesday.

Rebekahs will hold their regular meeting Friday night.

The school faculty for the coming year will be composed of P. P. Downey, Supt.; Dorothy Schoemaker, English and History; Ethel Gerber, Commercial subjects; Ruth Slaymaker, primary; Bernice Conibear, grades.

Carved through a mile of solid rock along the side of Mt. Carmel in Zion National Park, the Zion Park-Mt. Carmel highway tunnel will be opened officially on July 4. Impressive ceremonies attended the opening, which came when a pony express rider dashed up and presented the keys to the tunnel to an official, who in turn opened a huge padlock barring the west gate. The ceremonies were attended by about 6000. Two of the galleries opening from the tunnel are shown here.

Woman Stepped From Plane 15,800 Ft. Up

Roosevelt Field, N. Y., July 2—(UP)—The mother of a two-year-old son drifted down through the clouds today, almost unconscious, in an attempt to set a new parachute jumping record for women.

She is Mrs. Rita Schoemaker of Chicago. It is believed she stepped off a plane that was at an altitude of between 15,800 and 16,000 feet although the official distance cannot be determined until the plane's barograph is calibrated at Washington.

Mrs. Schoemaker said that as she was about to step off the plane, a buckle on her parachute struck her, knocking her almost senseless. It took her 30 minutes to reach the ground.

Death Rides With Speed!

YOU? YES, WHO CAN TELL? YOU MAY BE THE NEXT VICTIM

Not for one short second can you even delay that swinging pendulum. Ceaselessly it travels its course unmindful of whom it brings to misfortune. Wrecks, collisions, smash-ups in trains, automobiles, street cars, buggies, daily add their toll.

WATCH OUT! YOU CAN'T STOP IT—BUT YOU CAN BE PROTECTED

With story after story of such catastrophes finding their way into the columns of this newspaper every day, The Telegraph believes that would be offering a splendid service if it could find a way to protect its readers against just such misfortune at a small cost. And a way has been found. The Telegraph readers can now be protected. Indeed we are proud to advertise the fact that every Telegraph reader in this surrounding territory, both men and women, between the ages of 16 and 70 may, without delay, red tape or medical examination, purchase a

There are at least four mistakes in the above picture. They may pertain to grammar, history, etiquette, drawing or whatnot. See if you can find them. Then look at the scrambled word below—and unscramble it, by switching the letters around. Grade yourself 20 for each of the mistakes you find, and 20 for the word if you unscramble it. Saturday we'll explain the mistake and tell you the word. Then you can see how near a hundred you bat.

WEDNESDAY'S CORRECTIONS

(1) The tide is lower as it ebbs instead of higher. (2) The man in the middle should say a lunar phenomenon, instead of a "solar," as it is the moon that causes the tides. (3) Phenomenon is the singular form, instead of "phenomena." (4) The girl has no "sou-wester," which is a sailor's storm hat, not a coat. (5) The scrambled word is BRAIN.

DANCING JUDITH

by CORALIE STANTON and HEATH HOSKEN
 COPYRIGHT 1930 by CHELSEA HOUSE.

BEGIN HERE TODAY
 JUDITH GRANT, beautiful girl, lives in Greenwich village with CHUMMY MORLEY, a beautiful girl who lost her memory when her lover, ALAN STERN, disappeared seven years ago. She never knew Chummy until she fell in love, and he tells her he never loved Chummy and never knew Chummy loved him. Chummy's memory returns, and Stern, feeling bound by a life of honor, asks her to marry him. Judith accepts the offer of BRUCE GIDEON, rich financier to marry her in a splendid show, and begins studying dancing to prepare for her part. Stern distrusts Gideon and warns Judith, but she is offended and tells him to mind his own business. Judith goes to the studio of VINCENT STORNAWAY, successful portrait painter, to act as model, and hears him talking with Gideon.

NOW GO ON WITH THE STORY
 CHAPTER XX
 It must be admitted that Judy was beginning to feel the irksome necessity of earning her scanty livelihood as an adjunct to the hard work of her dancing lessons and practice.

Sometimes she was so tired that she almost lost consciousness of what was going on around her; and when she awoke in the morning she would not even remember how she got home the evening before.

Stornaway and his guests came into the room, but they stopped near the screen. Judy gathered that the artist was showing Gideon a piece of his work. All the canvases were at the other end of the studio.

She was just going to call out to him when her own name fell on her ears.

"Here is the sketch of Judy, Gideon—the one you asked me to do. I could elaborate it, if you like it." The ever-ready laughter rippled on Judy's lips. She was going to hear what Mr. Punch thought of her picture.

"It's splendid!" Gideon's voice said. "It's a great thing, old chap. Don't you think so?"

"Yes, I rather like it," admitted the artist modestly. "You see, every muscle is taut, ready to spring into action."

"Wonderful!" said Gideon. "Wonderful! What a figure she has!" Judy snickered behind the screen. "You're very much gone on her, aren't you, Gideon?" the artist asked.

Gideon laughed, somewhat roughly for him.

"She's not the kind to give a man much peace," Stornaway went on. His tone was not offensive at all, and yet Judy stiffened.

"You're right there," Mr. Punch said, with a reflection that made Judy stiffen still more.

"Is it serious?" was the artist's next question.

"Damnably," said Gideon.

TO Judy it suddenly became intolerable that they were discussing

her like this—discussing Gideon's feelings for her in this cold-blooded way. If Gideon was fond of her, what was there to prevent him from being so? They spoke as if it were an impossible thing—something to jest and laugh about. Odious creatures, both of them!

"A thousand plagues"—Stornaway's voice sounded exceptionally clear—"a thousand plagues, Gideon, that she isn't the sort of girl one could marry."

Gideon's laugh was a little broken this time. What he answered seemed to write itself with a sharp, fiery pencil on the listening girl's brain.

"That's putting it rather strongly, my dear fellow. Marriage—well, it never did appeal to me, you know; but you're right, of course. If one did marry, it wouldn't be a little Judy Grant!"

Judy sprang to her feet. At the same moment the artist said carelessly:

"By the way, I was expecting her this afternoon. She hasn't come yet. Come back to my den and smoke another cigar."

The voices grew more distant. The two men had left the studio.

Judy knew the arrangement of the house. Next to the studio was an anteroom, the door of which was always open, and beyond that was the artist's sanctum—a large untidy apartment, with all sorts of odd bits of furniture, masses of photographs, and souvenirs of boyhood and early travel. It had nothing of the ordered beauty of the rest of the house.

Stornaway had married, within the last year or two, a woman of wealth and position, no longer young. She never came into his studio, and appeared to take no part in his artistic life. One sometimes saw her name mentioned in the papers as attending this or that function, but Judy had never set eyes on her.

The girl stood there, drawing deep breaths, so violent that they shook her slender frame.

"Not the sort of girl one could marry! If one did marry, it wouldn't be a little Judy Grant!" Wouldn't it?

So that was what he thought of her—this horrible, ugly, loathsome man! She wasn't the kind of girl he would marry. Oh, dear, no! He would only be slimily, disgustingly amiable and deferential and friendly, and try to cheat her and throw dirt in her eyes, and trick her into believing he had the greatest respect in the world for her—that was all!

MEN were all alike. Didn't she know the world? But she had very nearly allowed herself to be fooled!

The home of Rev. A. E. Thomas was the meeting place of the Franklin Grove Ladies Aid Society on Thursday. All day meeting with a scramble dinner at noon was enjoyed by a large attendance—E. T.

J. J. Thome, Dixon, former grocer in Ashton and experienced father who has often been engaged in lathing new homes in our vicinity, was an Ashton caller on Monday.

Harvey Reitz was a Dixon caller on Saturday.

John Smith and son were Creston callers on Friday.

Another expense the farmer might eliminate is drivin' seven or eight miles to town for butter. Bandit Stew Nugent, recently winged at Fiptown, O., writes his maw that the jail is so crowded that it didn't take no time to git a good quartet together.

STOMACH MISERY, NEURITIS, YIELDS TO NEW GLY CAS

Could Only Eat Certain Foods, Hands Crippled with Neuritis Before She Took New Herbal Gly-Cas.

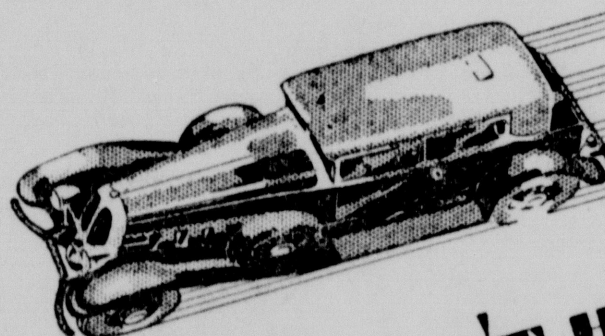

"Gly-Cas has done me more good than all the medical authorities and medicines I have ever taken," said Mrs. Olive Adkins, 810 East Main St., Hartford City, Indiana.

MRS. OLIVE ADKINS.

"For six years I suffered with neuritis in my hands, arms, neck and face. she continued. "There was nothing I could do as every thing failed to reach my case. My hands were so sore and stiff I could not use them. Stomach trouble also added to my suffering, after my meals I would bloat so, and get so short of breath it nearly smothered me. I only ate certain foods and they made me miserable. At last I heard of Gly-Cas and began taking it and now I am well, all the bloating and shortness of breath has ended and now I can eat anything without any ill effects afterwards. The severe neuritis has been wonderfully relieved and I am not bothered any more. It is no wonder I am glad to praise Gly-Cas after what it has done for me."

Gly-Cas is sold in Dixon at the Campbell White Cross Pharmacy; Dixon; W. J. Long West Brooklyn and Franklin Grove, G. S. Ives, Polo, C. R. Clothier; Ashton, G. R. Charters; Amboy, Aschenbrenner; Drug; Compton, W. H. Hills; Rochelle, Barker & Sullivan and by leading druggists in all surrounding

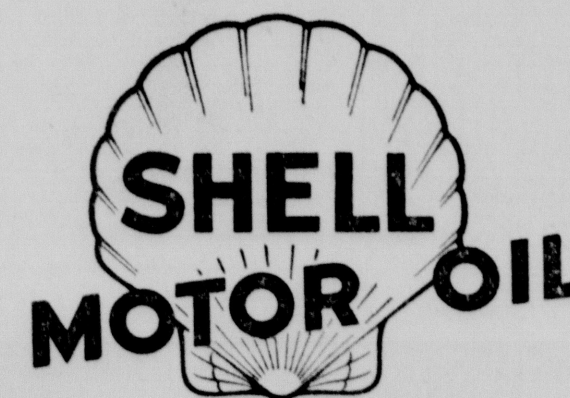

We don't have those old 8 mile speed limits now

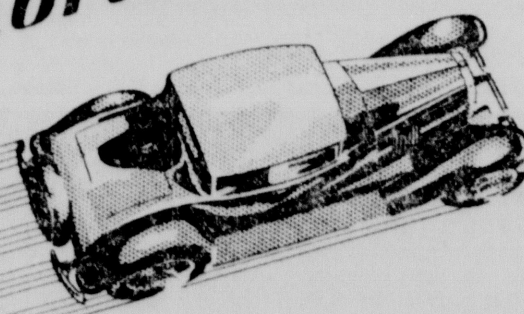

Many states prohibited driving in excess of 8 or 10 miles per hour in "built-up" communities. Twenty miles per hour was once considered highly dangerous. Improvements in the automobile and advances in traffic control have changed all that. Likewise the constant improvements wrought by Shell in motor lubrication have made higher speeds safe for the automobile engine. That's the important thing about Shell Motor Oil. It is always ahead of requirements... ready now for next year's car. Low-temperature refining preserves all of the rich lubricating elements of Nature's best-balanced crude. No emergency ever finds Shell Motor Oil lacking in protective qualities. No wonder so many motorists are turning to Shell.

WHY BE SATISFIED WITH LESS THAN 1930 lubrication?

THE SIGN OF THE SHELL IS ON THE AIR... Every Monday Night, 8:30 Central Time.
